

PEX STEPLESS EAR CLAMPS

Features

Narrow band: Concentrates transmission of the clamping force.

Stepless over 360°

Uniform compression, Uniform surface pressure over the pipe.

Clamp ear: Adjustable surface pressure

Spring effect compensates for changes in diameter due to thermal expansion.

Formed strip edges to reduce any chance of damage to the pipe being clamped.

304 Stainless steel

NSF/ANSI 14

Conform to ASTM F2098-2001 for the use with ASTM F877 pex SYSTEM and F1807 insert fittings.

Item	Pex tube Size	W	T	D	Range	Closing Force N
P3/8	3/8"	0.276	0.024	0.524	0.425-0.524	2100
P1/2	1/2"	0.276	0.031	0.689	0.591-0.689	2800
