## REACH Directive

Status Update 5 February 2020

**Mueller Copper Tube Co.** announces that no product lines supplied contain ANY of the 43 substances on the current Authorization List included under REACH Annex XIV, last updated on 16 June 2017. Further, no products contain any of the two hundred and five (205) substances included on the Candidate List of Substances of Very High Concern (SVHC), last updated on 16 January 2020.

Product lines that are currently in compliance with REACH requirements, but contain materials that are foreseeably released during use, per Article 7(1) – materials which Mueller Copper Tube Co. suspects MAY be considered SVHC substances at a future date under REACH Annex XIV, as defined within Article 57 – are as follows:

| <u>Product Line</u> | <u>Reason for Concern</u> | <u>Corrective Action</u> |
|---------------------|---------------------------|--------------------------|
| None                |                           |                          |

Per REACH Article 33, Mueller Copper Tube Co. continues to monitor the status of SVHC materials as published by the ECHA. As of the time of this publication, all information is believed to be accurate. For additional information regarding product compliance with the REACH Directive, please contact your local sales representative or Mueller Customer Service Department at 810.987.7770.

Please visit the ECHA website for additional information regarding the Authorization or SVHC Candidate Lists:

## RECYCLED CONTENT – COPPER TUBE & FITTINGS

Mueller Industries, Inc. produces copper tube and fittings at multiple facilities and distributes these products through various brands. The aggregate recycled content of these products is depicted in the figures below.

While recycled content will fluctuate on a daily basis, the following statistics are based on historical usage that is representative of current operating procedures. Further, this data is applicable to all copper tube and wrought fittings made for plumbing, HVAC and refrigeration, medical gas and other applications.

|                 |                                   |     |
|-----------------|-----------------------------------|-----|
| COPPER TUBE     | Post-Industrial Recycled Content: | 35% |
|                 | Post-Consumer Recycled Content:   | 10% |
| COPPER FITTINGS | Post-Industrial Recycled Content: | 35% |
|                 | Post-Consumer Recycled Content:   | 5%  |
